

2020 By the Numbers

As our community came together this past year to prevent the spread of COVID-19, SBCAS remained committed to saving the lives of the animals in our care, prioritizing public safety, and providing support so that beloved pets could stay with their families. This required tremendous flexibility, creativity and innovation as everything in our daily lives changed due to the pandemic.

We are incredibly proud of our 2020 statistics, especially our 95.6% Live Release Rate, but these numbers only measure a fraction of the work that has been done both inside and outside our shelters to support animals and the people who love them. We could not have achieved this success without the amazing collaboration of our community partners, the support of our volunteers and our dedicated staff, for which we have deep gratitude. We also celebrate the true victory of 2020, which is the resilience of our community members and their compassion and love for animals even in the midst of hardship and challenge!

New Tags are HERE!!

SBCAS has partnered with

PetHub to increase our lost pet reunification efforts and keep animals with their families. PetHub Smart Tags are more than just a tag! They have custom pet profiles, found pet alerts, secure data, shelter broadcasts and more!

Please stay tuned to our website and social media as we roll out these new tags to our community in May!

Facial Recognition Brings Pets Home!

Don't forget to download and register your pets on Finding Rover!

SBCAS is committed to better solutions for lost and found pets. We believe it is time to create a community solution to keep pet families together. Please click the link below to register your pet(s) today and begin to imagine a world without any lost pets!!
